Dear Clients,

Your FAVN submission results have been finalized and are indicated on the attached FAVN REPORT. A titer of greater than or equal to ($\geq$) 0.50 IU/mL is required for export to most destinations requiring the FAVN test.

Special Destinations: The FAVN REPORT has been emailed to the island destinations listed below and to the submitting veterinary clinic (or reference lab). No hard copies will be distributed.

Island Destinations

Antigua
Bahamas
Barbados
British Virgin Islands
Cayman Islands
Dominica
Fiji
Guam
Hawaii
St. Kitts and Nevis
St. Lucia
St. Vincent/Grenadines
Turks & Caicos
Trinidad & Tobago

All Other Destinations:

All Other Destinations: The FAVN REPORT has been emailed or faxed to the submitting clinic (or reference lab). No hard copies will be distributed. Please use the QR code on the FAVN REPORT form to verify results..

Payment(s) submitted have been forwarded to the KSVDL Business Office. An invoice will follow at the first of the month. Payment questions should be directed to the KSVDL Business Office at 785-532-3294.

LAB#: **R26-030352-1**

Rec'd Date: **04/20/2026**

Microchip #: **901001000431516**

Ref #: **null**

The serum sample has been tested for antibodies to rabies virus by the OIE-FAVN test and found to have a titer of

>= 3.46 IU/ml

Janine Seetahal, DVM, MPH, PhD - Rabies Section Head, KSVDL

A titer of 0.50 IU/ml or above indicates an acceptable rabies antibody level for the purpose of export.
